

Required Reading for Fourth Quarter 2011 - Fifth Grade

You must read at least four books on your level this quarter. One of them should be fairy tale/fable/legend and one should be a graphic novel or realistic fiction. You must receive an 80% or above on an Accelerated Reader test for each book in order for it to count towards your quarter requirement. If you would like to receive a + on your report card, you should earn at least 25 AR points for the quarter in addition to fulfilling the requirement for a check.

I am aware of the reading requirements for fourth quarter.
