

“Extras” for 8th graders

As student leaders at Our Lady of Peace, there are several privileges and responsibilities that are new to 8th graders. In particular:

Privileges:

- Availability of scholarships for high school
- Helping with the pizza assembly and the pizza making
- Assisting with service needs during school year including aiding the Opera company, maintenance, office help, science lab, and special liturgical needs.
- Organizing dances and other fundraisers

Responsibilities:

- Serve as mentors to younger students as tutors, helpers, “big brother/sister” roles
- Serve as role models to younger students in action and deed
- Participate in mass to the fullest extent
- Carry themselves with dignity, and as witnesses to the teachings of Christ

Behaviorally, I ask that all 8th graders come to understand their roles through the practice of following the uniform policies to the fullest extent, and avoid actions that simply do not have a place in school or society, such as gum chewing, inappropriate language, blasphemy, inappropriate attire at dances or on dress down days, and in the way they carry themselves.

At OLP, we strive to maintain an atmosphere of respect for others and for oneself. Most certainly, our highest grade level of students should show the utmost respect for that atmosphere, and help to foster it school wide.
