

## Fire belly Toad

### To Clean:

1. Use DISTILLED water only.
2. To clean the cage take the toad out, but be careful, it jumps a lot.
3. Rinse out cage and rocks.
4. Fill the cage a quarter of the way full. Put all rocks back in making sure there is a dry spot.
5. Clean once a week.

### To Feed:

1. Two float sticks once a week (some will be supplied).
2. Two crickets once a week or one cricket twice a week.

\* Feed float sticks on a different day than the crickets.
